Directions: Using your college worksheet and the information on fafsa.ed.gov, answer the following questions. Click on the "FAFSA filing options" and you can view or print a PDF file of the form.

1. What is required to apply for financial aid for college? ____________________________________________
   ____________________________________________
   ____________________________________________

2. Look at the FAFSA to see what it is and what it asks of you. List the things that you find confusing or that don’t make sense.
   ____________________________________________
   ____________________________________________
   ____________________________________________

3. Look at your college worksheet. Do all the colleges have the same procedures and requirements for receiving financial aid or do these differ from school to school? If they differ, explain how.
   ____________________________________________
   ____________________________________________
   ____________________________________________

4. List some things about you, as a student or a person, which might lead to scholarship opportunities.
   ____________________________________________
   ____________________________________________
   ____________________________________________
5. Look at your answers to #4 and at your college worksheet. Using the information from both these places, research five scholarships you could apply for based on your interests, your experience, your field, and/or your college. List the name of these scholarships, explain the qualifications for each, and then explain how you qualify for each one.

Scholarship #1
